

American Council for Accredited Certification

FOR IMMEDIATE RELEASE:

Nicole Humber of Bravo Company Restoration Corp Earns Accredited ACAC Certification

Windsor, CA

June 2017

Nicole Humber has been awarded the Council-certified Microbial Remediation Supervisor (CMRS) designation by the American Council for Accredited Certification (ACAC). This prestigious, board-awarded certification recognizes Humber's knowledge and field experience in mold, microbial and bacterial remediation.

To earn the CMRS designation, Nicole passed a rigorous examination based on respected industry texts. She then submitted documented, verifiable field experience to a board of peers, earning a unanimous vote of approval.

To maintain the CMRS designation, Nicole will remain active in the field and complete 40 hours of professional development activities within the next two years.

Nicole is now listed in the ACAC certificant database at www.acac.org, along with more than 3,000 ACAC certificants around the world. The database can be searched by name, company or zip code and represents a continuously updated roster of experienced indoor environmental professionals.

The CMRS designation is accredited by the Council of Engineering and Scientific Specialty Boards (CESB), a nationally recognized third-party accreditation body. For more information, visit www.acac.org.
